Tech Mahindra Q1 profit gets topline lift, up 28% at ₹796 cr

Mumbai, Aug 1: Software exporter Tech Mahindra on Monday reported a 28% year-on-year growth in its June quarter net profit at ₹796 crore, buoyed by a surge in revenues.
 Vice-chairman Vineet Nayyar said: "We have had a steady quarter in spite of seasonal weakness in our mobility business. We look forward to continuing our journey of improving profitability of our business."
 It had posted a profit of ₹860.6 crore in January-March.
 Nayyar added that quarter-on-quarter performance was affected largely by a dip in margins, which slipped to 14.9% as against 17% in the March quarter on an increase in visa costs and seasonal downturn in some clients.
 His chief financial officer Milind Kulkarni said the company incurred a cost of

\$11 million on H1B visas while there was a hit of 1.80% because of the seasonal downturn with select clients of Comviva.
 Its consolidated revenues grew to ₹6,990.9 crore, from ₹6,293.8 crore in the year-ago period.
 Terming the UK's vote to exit the European Union as the "biggest destabilising factor", Nayyar said it will take at least one year for the uncertainties to settle down. He added that the US election verdict can also be "potentially disruptive".
 Nayyar hoped that the company's "critical services" will not be affected.
 MD and CEO P Gurnani said Britain accounts for 10% of the company's revenues and the spillovers in an inter-connected world are something the company needs to keep in mind.
 Gurnani said the delivery on one deal lifted the

share of digital revenues to above 20%, from 11% in the year-ago period, and is optimistic that this will be maintained.
 Interestingly, he said Indian customers are featuring among some of the digital deal wins.
 He saw banking and finance and healthcare verticals as the engines of growth at present and added that the enterpris vertical as a whole will grow at 12% this fiscal.
 Its utilisation rate moved up to 78% from the year-ago's 74% and the 77% in the preceding March quarter.
 It added 1,784 employees during the quarter to take its total strength to 1.07 lakh, but attrition too remained sticky at 21%.
 The stock closed with gains of 0.62% at ₹468.70 on BSE as against a correction of 0.17% in the benchmark. PTI

Goa cancels Vedanta's iron ore import permit, co defends stand

New Delhi, Aug 1: The Directorate of Mines and Geology (DMG) of Goa has temporarily cancelled import permit for 12,000 mt of iron ore, Vedanta said on Monday while maintaining that all necessary guidelines have been complied with.
 "We regret that DMG Goa has temporarily cancelled the import permit... for 12,000 mt," Vedanta said in a filing to BSE.
 The company was replying in response to a clarification sought by BSE on a media report.
 "Facts of the matter have been submitted by the company to DMG officials. The officials are expected to complete their survey and necessary investigation by Monday August 1, 2016, and we expect restoration of the 12,000 mt, post inspection," the company said.

London, Aug 1: Vedanta Resources on Monday reported a 18% decline in profit before taxes and interest to \$527.1 million (nearly ₹3,439 crore) for the quarter ended June 30, on account of lower revenue. The billionaire Anil Agarwal-led group had clocked a EBITDA (earnings before interest, taxes, depreciation, and amortisation) of \$644.6 million in the first quarter of last fiscal. Its revenue fell 21% to \$2.34 billion in April-June quarter of the current fiscal, from \$2.95 billion in the same quarter of 2015-16, the company said in a statement. PTI

(more than 80%) and Karnataka (about 20%) for producing pig iron.
 "With regard to transportation of ore required for the plant from Karnataka, all necessary guidelines, procedures and protocols are adhered to by the company at all times," it said.
 Following necessary clearances from DMG and the forest department of Karnataka, Goa iron ore was brought to the pig iron plant at Amona-Navelim after paying entry tax and rural welfare tax (collected by RTU) at the border checkpoint. However, from the third week of July 2016, DMG Goa introduced a procedural change that required an individual trip sheet/entry token for each truck at Mollem checkpoint on the Goa-Karnataka border, apart from the bulk import/transit permit, it said. Amazon India announces 3-day sale

Bengaluru, Aug 1: E-commerce major Amazon India has announced the Great Indian Sale, the three-day discounted sale on its platform, both app and website, starting August 8.
 Announcing the move, Amazon said, Amazon Prime members will get 30 minutes early access to top deals.
 The Department of Industrial Promotion and Policy (DIPP) had earlier outlined discounts, predatory pricing and "big discount sales" by online-commerce marketplaces.
 Amazon's India competitor, Flipkart too had run similar discounted sale in May this year.
 However, unlike the previous years, the company has not promoted the sale with much of marketing and promotional activities and print ads.
 Last year, Flipkart, Amazon, Snapdeal and Paytm fought over aggressively during Big Billion Days and Great Indian Festival Sale, seeing 3-5 times increase in sale compared to normal days offering discounts up to 80% on certain categories along with some cashback offers.
